# How do I find a word?

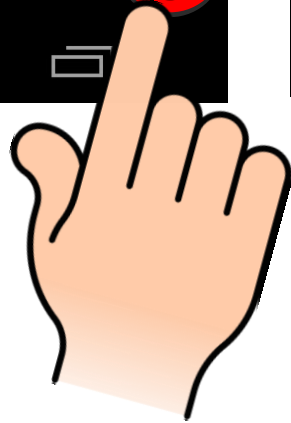

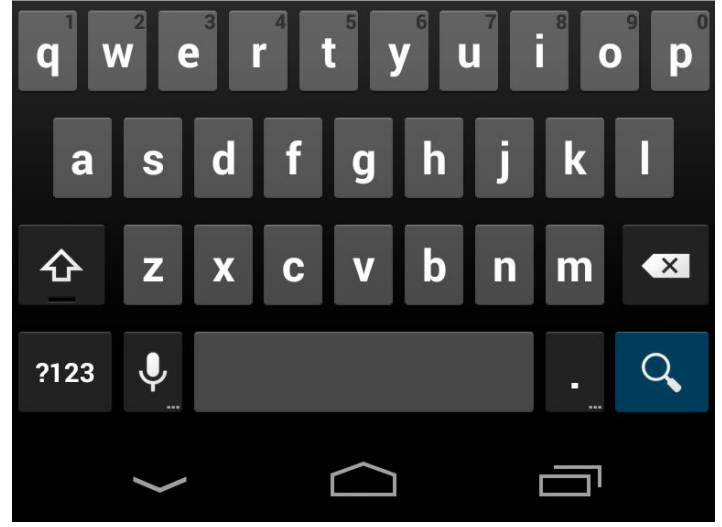

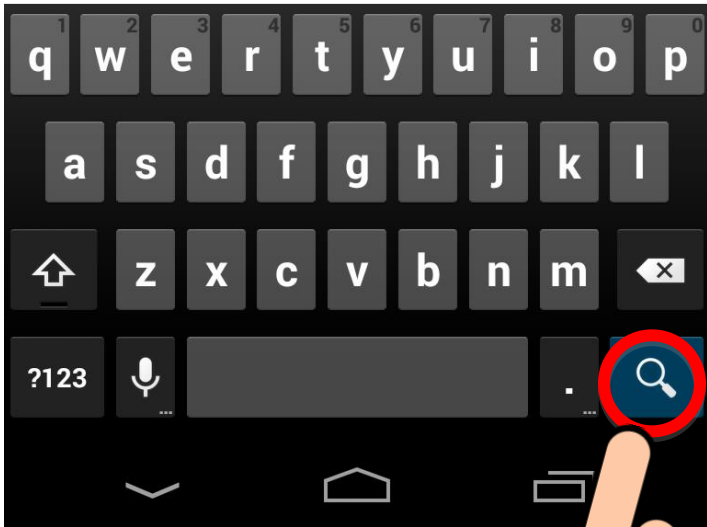

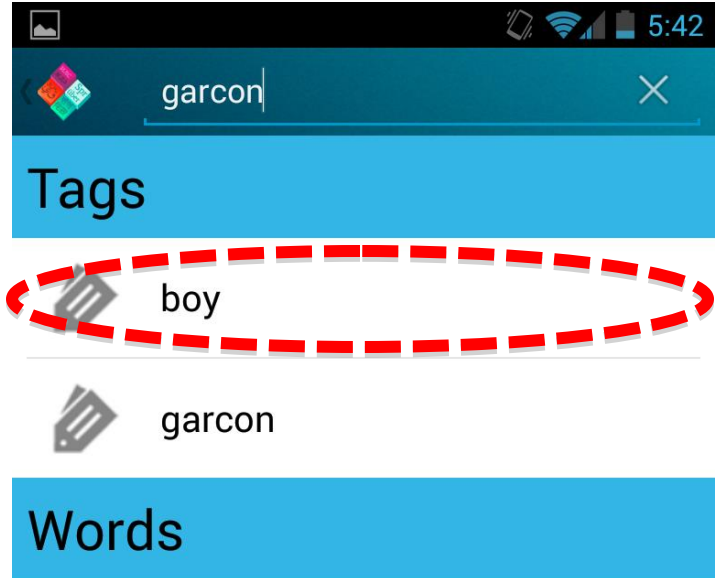

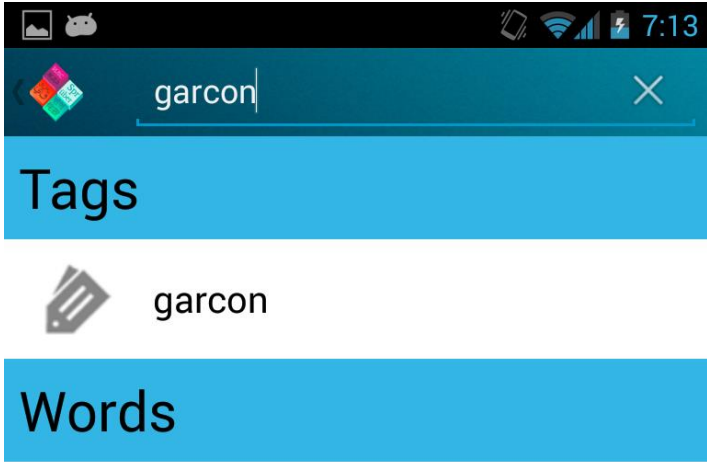

# How do I find a category of words?

The image illustrates the process of finding a category of words in a mobile application. It consists of three screenshots:

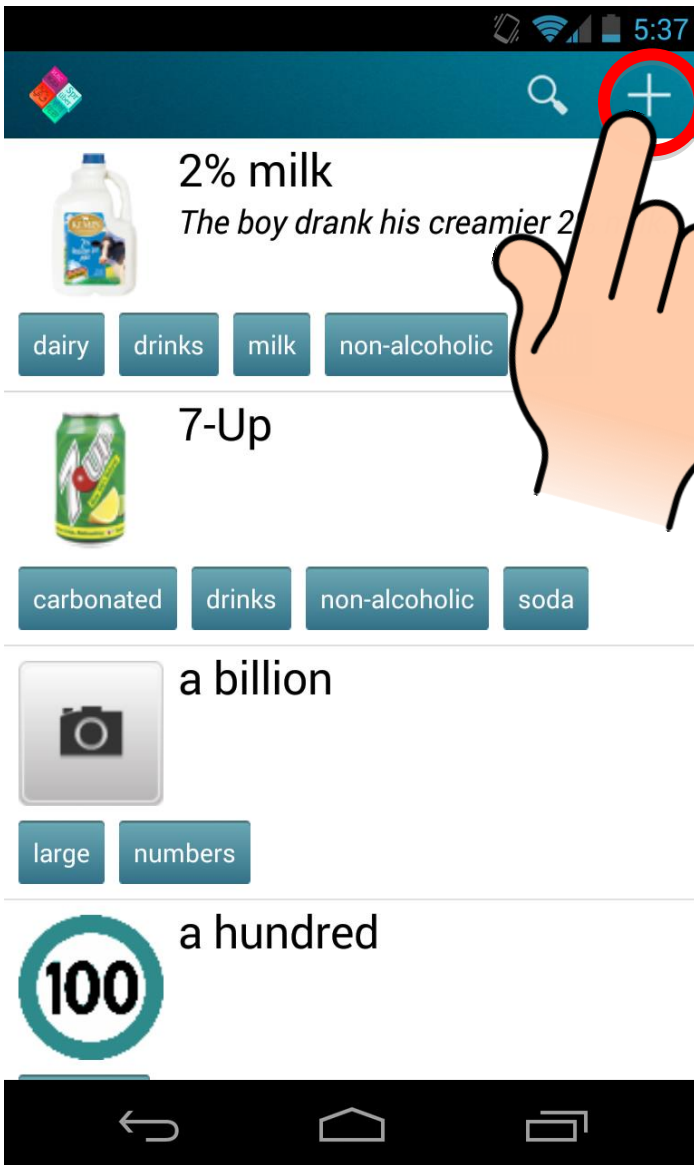

- Top Left:** Search results for "almond oil". The "food" tag is circled in red.
- Top Right:** Search results for "food". The "Tags" section contains a "food" tag circled in red.
- Bottom:** Search results for "food". The search bar contains "food". The results list includes:
  - acorn squash:** *She used the acorn squash to make soup for Thanksgiving.* Tags: food, squash, vegetables, winter squash.
  - agnolotti:** *She boiled the cheese-filled agnolotti.* Tags: food, pastas.
  - almond oil:** Tags: food, nut and seed oils, oils.
  - almonds:** (partially visible)

Red dashed arrows indicate the flow of information from the circled "food" tags in the top two screenshots to the search bar in the bottom screenshot. A hand icon points to the "food" tag in the top-right screenshot.
